LETTER FROM OUR CEO

John Harrison

Founder and CEO
Fondateur et PDG
Ecotrend Ecologics Ltd.

To our valued retail accounts and community members,

We are grateful for your continuing support this past year. I would like to extend sincere thanks to those who joined us at CHFA Connect and our Community Engagement Symposium series we hosted via Zoom. We are glad that we are able to bring people together and provide the chance for community participation.

In 2021, we have welcomed new faces and partnership opportunities at Ecotrend, which is reflected in this catalogue. It goes to show that despite the disruption and uncertainty from the previous year, Ecotrend Ecologics and our larger community in the Canadian natural health industry have managed to move forward and grow. This year we are excited to introduce our amazing new partners, their products, and the values they bring to our community.

I would like to extend personal thanks to everyone out there reading our catalogue. I feel more confident than ever in my appreciation for this amazing industry and community. My team and I appreciate your 36 years of support to the great brands we represent.

We are looking forward to working with all of you in 2022.

All the best!

LETTRE DE NOTRE PDG

Chers détaillants, chers membres,

Nous sommes reconnaissants de votre constant soutien au cours de la dernière année. Je tiens à remercier sincèrement les personnes qui se sont jointes à nous à la CHFA Connect et aux Symposium pour la mobilisation communautaire que nous avons organisés sur Zoom. C'est un immense plaisir pour nous de réunir des gens et de leur donner la possibilité de participer à un événement communautaire.

En 2021, nous avons accueilli de nouveaux visages et de nouvelles possibilités de partenariat à Ecotrend, ce dont témoigne ce catalogue. Cela montre bien qu'en dépit des perturbations et de l'incertitude de l'année dernière, Ecotrend Ecologics et ses homologues de l'industrie canadienne de la santé par la nature ont réussi à avancer et à croître. Cette année, nous sommes heureux de vous présenter nos fantastiques nouveaux partenaires, leurs produits et les valeurs qu'ils apportent à notre milieu.

Je tiens aussi à remercier toutes les personnes qui liront notre catalogue. Je n'ai jamais eu autant confiance dans mon appréciation de cette merveilleuse industrie et de cette communauté, si fantastique. Mon équipe et moi-même apprécions le soutien que vous témoignez depuis 36 ans aux marques si exceptionnelles que nous représentons.

Nous nous réjouissons de travailler avec vous en 2022!

Bien à vous!

ABOUT US

“Our vision is to unite suppliers, retailers, and consumers through our high standard of ethics in business including equality and sustainability.”

Ecotrend Ecologics Ltd. is dedicated to our people, principles, and planet. We provide premium products, exceptional service, and a truly principled approach to business.

Founded in 1986 by import/export specialist John Harrison of Vancouver, British Columbia, Ecotrend Ecologics has steadily grown from a one-person operation to its current complement of over 50 dedicated professionals. Today, we are a respected international distributor representing high quality products and servicing both retail health stores and alternative healthcare practitioners.

Ecotrend’s staff manages over 2500 retail and over 2500 professional accounts, and works with over 120 fantastic and unique brands. We believe in a down-to-earth approach. Family and friends play an important role in the community relationships we are proud to maintain with our brands. Nurturing a foundation of loyalty and trust in our nationwide health-focused community is of the highest importance to us.

Climate Smart, a Canadian government-approved program, requires a detailed assessment of all aspects of a company’s carbon footprint. Seven months after starting this program, Ecotrend was able to receive its certification and it is the only company in the Health and Wellness industry in Canada that has committed itself to this level of environmental stewardship. Attaining our Climate Smart certification is an ongoing renewal process that we commit to on a yearly basis. Ecotrend Ecologics also utilizes green energy in our head offices with Bullfrog Power, and we are Better Business Bureau-accredited.

WORLDWIDE INITIATIVES

Ecotrend supports many worldwide initiatives for the protection of nature and the support of marginalized people:

- Plan International – we support 2 foster children, one in Uganda and one in Cameroon
- IFAW – International Fund for Animal Welfare
- PETA – People for the Ethical Treatment of Animals
- David Suzuki Foundation
- Ecojustice (formerly Sierra Legal Defense Fund)
- WWF – World Wildlife Fund
- Sierra Club
- Greenpeace
- Western Canada Wilderness Committee
- Amazon Rainforest Conservancy
- Lwiro Primates Rehabilitation Center

À NOTRE SUJET

« Notre vision : réunir des fournisseurs, des détaillants et des consommateurs sous la bannière de nos normes élevées d'éthique commerciale, dont l'égalité et la durabilité. »

Ecotrend Ecologics Ltd. honore ses gens, ses principes et notre planète. Nous offrons des produits excellents et un service exceptionnel selon une approche commerciale rigoureuse.

Fondée en 1986 par John Harrison, spécialiste en importation/exportation de Vancouver (C. -B.), Ecotrend, qui n'avait au départ qu'un seul employé, en compte aujourd'hui plus de 50. Elle est un distributeur international respecté de produits de grande qualité qui dessert des magasins de détail et des professionnels de la santé parallèle.

Son personnel gère plus de 2500 détaillants et plus de 2500 comptes professionnels, et travaille avec plus de 120 marques uniques et fantastiques. Nous croyons à une approche terre-à-terre. La famille et les amis jouent un rôle important dans les relations que nous sommes fiers de maintenir avec nos marques. La loyauté et la confiance sont pour nous d'une importance suprême.

Approuvé par le gouvernement canadien, Climate Smart requiert une évaluation détaillée de tous les aspects de l'empreinte carbone d'une entreprise. Sept mois après le début du programme, Ecotrend en a obtenu la certification et est la seule entreprise de l'industrie canadienne de la santé et du bien-être à avoir un tel niveau de gérance environnementale. Climate Smart exige un renouvellement annuel. Avec Bullfrog Power, Ecotrend utilise de l'énergie verte pour ses locaux, et est accréditée par le bureau d'éthique commerciale.

INITIATIVES MONDIALES

Ecotrend appuie nombre d'initiatives mondiales pour la protection de la nature et le soutien des personnes marginalisées :

- Plan International : 2 enfants en famille d'accueil (Ouganda et Cameroun)
- IFAW – Fonds international pour la protection des animaux
- PETA – People for the Ethical Treatment of Animals
- Fondation David Suzuki
- Ecojustice (Sierra Legal Defense Fund)
- WWF – Fonds mondial pour la nature
- Sierra Club
- Greenpeace
- Western Canada Wilderness Committee
- Amazon Rainforest Conservancy
- Lwiro Primates Rehabilitation Center

PARTNER WITH US

“We are dedicated to our natural health and wellness community here in Canada, and we are very proud of our many retail and professional accounts, as well as our high-quality and innovative partnered brands.”

TEAM SUPPORT

Our sales representative team is located in British Columbia, Alberta, Saskatchewan, Manitoba, Ontario, the Maritime Provinces and Québec. Our sales team possesses extensive experience in the natural health product and healthcare industries. The largest on-the-ground sales team in Canada, the Ecotrend Ecologics team includes a registered holistic nutritionist, clinical herbalist, certified nutritionist practitioner, registered nutritional consultant, registered acupuncturist and homoeopath, and a Reiki and registered nutritional product advisor. Our sales representatives are available to arrange social events, store trainings, and many other hands-on services, as well as digital services and online trainings.

In our main offices, we offer traditional and digital marketing support to our accounts and brands with a team of 3 full-time skilled individuals. The marketing team produces a quarterly newsletter for both our retail and professional accounts which features new brands and lines, or showcases our current brands. We produce the newsletter at no cost to our featured brands, and offer it as a complimentary service to our accounts. We also produce full product catalogues for retail and professional lines twice annually. Our newsletters and catalogues are printed with Forest Stewardship Council-certified sustainable agri-waste sugar sheet, and vegetable-based ink.

Our office support also includes an in-house Quality Assurance representative, Director of Vendor Services and New Vendor Onboarding, as well as our friendly and knowledgeable bilingual Customer Service department offering extended hours and live telephone support. We have a dedicated in-house warehouse team who work diligently to process shipments and orders as quickly as possible. We also provide valuable monthly detailed sales reports and support personnel to coordinate and implement demos and co-op ads.

TRAINING

Ecotrend supports comprehensive trainings via Zoom online video conferencing prior to product launches with brands and our sales team as well as ongoing training sessions.

Ecotrend also launched our Community Engagement Symposium events in 2020 in response to industry trade show cancellations. Through these retail and professional online webinar series, we were able to connect our account holders with our partnered brand representatives for informational sessions as well as special discounts and sample offers.

TRADE SHOW PARTICIPATION

Although COVID-19 has made it difficult for us to connect with our usual trade show line up in 2020 and 2021, we have been proud to exhibit at many of these shows in the past and look forward to doing so again in the future.

- Canadian Health Food Association (CHFA) - West, East, and Québec
- Nutter's Annual Fall Convention (Alberta)
- Victoria Health Show
- Calgary Health Show
- Gluten Free Expo (Vancouver, partner with our vendor DōMatcha®)
- Victoria Yoga Show (partnered with our vendor Rumi Earth)
- The Yoga Conference and Show (Toronto, partnered with our vendor Rumi Earth)
- Village Block Party (Victoria partnered with our vendor Rumi Earth)
- Yoga & Wellness Show (Toronto, partnered with our vendor Rumi Earth)

DEVENEZ NOTRE PARTENAIRE

« Nous nous dévouons pour le milieu de la santé et du bien-être du Canada, et nous sommes très fiers de nos nombreux comptes détaillants et professionnels, ainsi que de nos marques partenaires novatrices. »

NOS ÉQUIPES, NOTRE SOUTIEN

Nous avons des représentants en Colombie-Britannique, en Alberta, en Saskatchewan, au Manitoba, en Ontario, dans les Maritimes et au Québec. Nos vendeurs possèdent une vaste expérience dans les industries de la santé et des produits de santé naturels. L'équipe d'Ecotrend Ecologics, la plus grande équipe de ventes sur le terrain du Canada, comprend un nutritionniste holistique, un herboriste clinique, un nutritionniste certifié, un consultant en nutrition autorisé, un acuponcteur et homéopathe autorisé et un conseiller autorisé en Reiki et en produits nutritifs. Nos représentants peuvent organiser des activités sociales, des formations en magasin et nombre d'autres services pratiques et numériques, dont des formations en ligne.

Dans nos bureaux, nous offrons à nos comptes et marques un soutien marketing complet. Formée de trois membres qualifiés, notre équipe du marketing produit pour tous nos comptes un bulletin semestriel afin de présenter les nouvelles marques/gammes, ou de promouvoir nos marques actuelles. Nous produisons ce bulletin gratuitement pour les marques présentées et nos comptes. Nous produisons aussi des catalogues de produits bi-annuels pour les gammes professionnelles et de détail. Nos bulletins et nos catalogues sont imprimés avec de l'encre végétale sur du papier à base de canne à sucre certifié durable.

Nous avons aussi un représentant de l'assurance-qualité interne, un directeur des services aux fournisseurs et aux nouveaux fournisseurs ainsi qu'un service à la clientèle bilingue disponible selon un horaire adapté. Nos responsables d'entrepôt travaillent d'arrache-pied pour traiter les commandes et les expéditions le plus rapidement possible. Nous publions aussi des rapports de vente mensuels, et notre personnel organise des démonstrations et des publicités co-op.

FORMATION

Ecotrend organise des formations complètes sur Zoom, des vidéo-conférences avant le lancement des produits ainsi que des séances de formation continues.

Vu l'annulation des salons en 2020, Ecotrend a lancé les Symposiums sur la mobilisation communautaire. Grâce à ces webinaires informatifs, assortis de rabais et d'échantillons, nous avons pu mettre nos détenteurs de compte en relation avec nos marques.

PARTICIPATION AUX SALONS COMMERCIAUX

Bien que la COVID-19 ait empêché la tenue des salons commerciaux en 2020 et 2021, nous sommes fiers d'avoir participé à ces salons par le passé et nous réjouissons de le refaire à l'avenir.

- Association canadienne des produits de santé (CHFA) - Ouest, Est et Québec
- Nutter's Annual Fall Convention (Alberta)
- Victoria Health Show
- Calgary Health Show
- Gluten Free Expo (Vancouver, partenaire de notre fournisseur DōMatcha^{MD})
- Victoria Yoga Show (partenaire de notre fournisseur Rumi Earth)
- The Yoga Conference and Show (Toronto, partenaire de notre fournisseur Rumi Earth)
- Village Block Party (Victoria, partenaire de notre fournisseur Rumi Earth)
- Yoga & Wellness Show (Toronto, partenaire de notre fournisseur Rumi Earth)

DŌMATCHA®

DŌMATCHA®

AUTHENTIC, 100% JAPANESE MATCHA TRADITIONALLY PRODUCED FROM TENCHA GREEN TEA LEAVES. DŌMATCHA®'S LOYAL CUSTOMERS APPRECIATE THEIR FILLER-FREE, HIGH-QUALITY, & AFFORDABLE LINE.

CONVENTIONAL MATCHA

Premium stone-ground matcha produced in Uji, Kyoto, Japan where matcha originated over 800 years ago. DōMatcha® is certified kosher and gluten-free.

MASTER'S CHOICE, 30G

A unique, special matcha blend created by DōMatcha®'s own 16th-generation Tea Master, producing an exceptional matcha for exclusive tastes.

UPC: 7 75088 01333 3
Item: 19801002-30D

MASTER'S DECAF, 30G

The first of its type on the market and made with an exclusive to DōMatcha® decaffeination process. Just like decaf coffee, it has just 6mg/g of caffeine, and is a perfect way to attain the L-theanine and other amazing benefits of matcha without caffeine. L-theanine creates a state of calm focus, and is present in high-quality tea leaves, like those used to make DōMatcha®.

MASTER FORMULAE BOTANICALS

MASTER FORMULAE HARNESSES THE POWER OF PLANTS IN TINCTURE AND TOPICAL FORM TO CREATE PROFESSIONAL GRADE MEDICINES FOR A MORE CONSCIOUS WORLD

TINCTURES

These tinctures are alcohol-based, making them extremely fast-acting. Tinctures are highly bioavailable to the body and offer a more potent concentration of medicinal properties than dried herbs or capsules. The medicinal properties of the plants are absorbed directly into the bloodstream, so absorption starts the moment you taste it. Alcohol is a natural preservative. Master Formulae's tinctures have no artificial preservatives and have a long shelf life of up to 5 years!

OPENING A NATURISTE GLASS VIAL THE EASY AND SAFE WAY

Step 1. Using a paper tissue or towel snap off one end of the vial along one of the dotted white lines

Step 3. Hold the vial vertically over a glass with the opening facing down.

Step 2. Dispose of the glass tip and paper. Take a new piece of paper tissue or towel. (As the liquid has been under vacuum it will not readily pour out of the vial until you break off the second tip)

Step 4. Snap off the second tip along the dotted white line. Empty the vial and then, recycle the vial and the tip.

Why Choose Nordic Naturals®

Health

We are committed to delivering the world's safest, most effective nutrients for optimal health.

Sustainability

All of our fish oils come from 100% wild-caught, sustainably sourced fish rich in omega-3s.

Quality

All of our fish oils are provided in the natural and most effectively absorbed triglyceride (TG) form.

Freshness

All of our fish oils are processed in an oxygen-free environment to prevent rancidity. This ensures a great taste with no fishy burps or odour.

Purity

All of our products are third-party tested to ensure their purity and freshness. Certificates of Analysis are available for any of our products.

Research

Our products are supported and backed by more original research (50+) than any other brand.

NOVOTREND NUTRACEUTICALS

NOVOTREND WAS ESTABLISHED IN 2014 BY A GROUP OF PATHOLOGISTS AND NUTRITIONISTS. OUR GOAL IS TO PURSUE WELL-BEING USING EVIDENCE-BASED NATURAL REMEDIES AND NUTRACEUTICALS.

NOVOCURCUMIN BIO-BDMC™30, 60 CAPSULES

NovoCurcumin Bio-BDMC™30, is a patented curcumin extract with one of the highest levels of BDMC (bisdemethoxycurcumin) available in the world today.

Blue light may cause all kinds of problems for your eyes and body:

But with electronic devices playing such a large role in our lives, avoiding them altogether is unrealistic.

WHY PROSPEK GLASSES?

Our glasses use a patented lens coating with eight layers of protection to block blue light—so you can use your devices for longer without feeling the negative effects of blue light.

They also boast the clearest lens on the market, providing maximum protection with the lowest level of yellow tint.

Try them out today. You'll notice the difference immediately.

I started with Ecotrend in April of 2013 after many years in the aquatics industry as a product manager. I am an entrepreneur at heart, and thrive on the challenge of being linked to so many brands and customers in the dynamic natural health industry. Every day I learn something new, and can thank my customers for continuously teaching and growing with me as we work towards a more preventative health mandate in Canada. In my spare time you can find me riding my bike or skiing in the mountains around Vancouver.

My interest in human health and nutrition started in my school years, leading me to a degree in Biological Sciences, and then to become a Holistic Nutritionist. Anyone who knows me would say I love learning about new foods, products and modalities to improve our health and overall vitality. I have a strong background in supplements, and it pairs well with several years of sales experience. I have a true passion to help educate and advocate health and wellness to retailers, consumers and friends alike.

I started my journey into the world of health at the age of 18 with an herbal apprenticeship program. This sparked a deep love of natural remedies and healing. After working in the health food industry for 20 plus years in a retail environment, I joined the Ecotrend team in 2009 covering Vancouver Island and the Gulf Island territories. When I am not working with this wonderful company I spend my down time teaching my own herb classes as well as a government funded program for Aboriginal youth during the summer.

I have been fortunate to be part of the thriving natural health industry for over 30 years. Retail, product development, education and small business mentor has given me the opportunity to gain experience from others and share my experiences. My passion for a health lifestyle and helping others led me to acquire certification in Iridology, Reflexology, Live and Dried Layer Microscopy, Reiki and as a Registered Nutritional Product Advisor. This journey led me to join Ecotrend's amazing team back in 2017. Along with my partner of 26 years, children, and beautiful grandchildren, each and everyday is an adventure.

I've always been interested in helping people improve their health. Over the years, this passion has taken on many evolving forms. From helping customers directly at the retail level in my earlier years, to educating store owners and staff about the unique benefits of specific products as a rep, to product development; connecting people with quality, effective products providing tangible results has always been my passion. I believe that one should take a natural approach to healing, as Western medicine has been around for a mere fraction of the time that natural medicine has.

I have always been passionate about nutrition, health and the wellbeing of others. Although I pursued another career for 20+ years, I always made time to study and practice holistic medicine and nutrition. In the 21st year I decided to take the leap and become a Nutritionist. The CEO and founder of Ecotrend, John Harrison, has a passion for health, the environment and high quality products which inspired me to dive into the world of selling natural products. I have been representing Ecotrend's great range of brands for over 15 years. I am lucky to say I work with an amazing group of retailers that make my days in the field interesting and fun!

I am driven to help people become the healthiest and happiest versions they can be. I have always been passionate about the natural health industry and taking a natural approach to healing. It was through first-hand experience that my desire for finding natural solutions to health issues grew. Ever since, I have been motivated to learn and share knowledge with those around me. I am passionate and excited to educate retailers and help them make the best choices for their customers. I am thrilled to be representing a conscious company such as Ecotrend, who values quality brands.

I have always been interested in natural health. I started taking different classes at Wild Rose College right out of high school. I have worked in the natural health industry almost ever since. I have owned a health food store and a colon hydrotherapy clinic, and after all these years I am still very passionate about this industry. I love that we get to help improve lives and health. I feel very blessed with this new chapter of my life, and am very excited to partner and work with a conscientious company such as Ecotrend, and all the outstanding retailers and professionals in my territory.

I consider myself lucky to have training in traditional and natural medicine. I have fundamental knowledge in medicine, with a European medical degree and a Canadian diploma in Homeopathic and Medical Science. This gives me a holistic view of patients and diseases. I have been working in the natural health industry for many years as a medical representative, medical advisor, and educator while maintaining my private practice as a natural health practitioner. I feel proud that this industry is growing and evolving. I enjoy every opportunity to learn and, in return, am excited to share my knowledge and clinical expertise with other practitioners. It gives me great satisfaction to be a part of the Ecotrend team and share their dedication to people's health and our planet.

I live in the beautiful city of Waterloo, Ontario. I am a proud father of three amazing children who keep me busy most of the time on soccer fields. I have a background in physical fitness and food packaging sales. My education includes business studies and medical nursing. My life has revolved around healthy living and helping others seek their dreams and goals in feeling healthy. I am an easygoing marketing guru and an educator who enjoys sharing my expertise in promoting health and well-being. I look forward in introducing your customers to the many quality products Ecotrend has to offer.

En 2001, après avoir travaillé pour des entreprises d'emballage, je suis passé à l'industrie de l'alimentation saine, que je ne quitterais pour rien au monde. Chaque jour, j'apprends comment vivre mieux. La santé de ma famille vient probablement du fait que je travaille dans cette industrie depuis plus de 16 ans.

In 2001, after working for several CPG companies, I decided to jump into the health food industry. I truly enjoy and hope to remain in this exciting industry until I retire. I really appreciate the fact that I learn everyday how to live a better life. I truly believe that my family's good health is highly due to the fact that I have been in this industry for over 16 years.

- All Natrex orders with a minimum of \$200 will be shipped by overnight air freight Monday to Wednesday.
- Please ask us about special event Gift Baskets and/or samples.

PRODUCT RETURN POLICY

- Every attempt is made to ensure that your order arrives in perfect condition.
- We kindly ask that all products are inspected upon arrival and any damages and/or errors are reported to the Ecotrend head office within 24 hours of receipt of the order.
- A completion of an Ecotrend Consumer/Damaged Credit Request Form is required and must be returned to the Ecotrend Head Office for authorization before products are accepted for return and/or credit.
- If you are going to use your own return form, we require the following information: Account Name and Number, Contact Name, Telephone, Item Number, Item Description, Quantity, Invoice Number, Reason for Return, Lot Number, and Expiry Date.
- Please note: Our standard processing time for a credit request is 2 weeks from the date of receipt. Credit Notes are valid for six (6) months from the issuing date.
- We kindly request that the amount of Co-Ops and product claims not be deducted from your payment prior to receiving your credit note(s).
- Product can be returned within 45 calendar days from the original date of purchase. See below for the additional return conditions for products that are close to their Expiry or Best Before date.
- If invoices are paid by credit card: all credit note amounts are credited back to the credit card on file.
- Call Tags (pick-ups) for all products that require refrigeration (such as Natrex products) should be arranged by Ecotrend. Customers are responsible for packing refrigerated products properly by adding ice packs in order to protect the returned product's quality.
- Unless otherwise indicated, customers are responsible for freight on all returns.

Account Managers are not able to pick up and approve returns.

DAMAGED PRODUCT RETURNS

Our freight business partners require that a photo of damaged products is provided for all damage claims.

CONSUMER RETURNS

All Consumer Returns must be approved by the Ecotrend Head Office before they will be processed. Claims can be rejected if there is insufficient information.

CALL TAG RETURNING

- Returned products must be in resalable condition: i.e. no damage, no price stickers, no glue residue, no stamps or defacement in any way.
- Grocery products should not have less than three (3) months from their Best Before date. Supplements (NHPs) expiring within six (6) months, Expired, or Discontinued products will not be accepted.

- Nous offrons un service de livraison par voie terrestre à toutes les provinces et territoires, avec un service de livraison express disponible sur demande. Des frais d'expédition basés sur le poids et la destination seront appliqués.
- Toutes les commandes Natren d'un montant minimum de 200 dollars seront expédiées par fret aérien du lundi au mercredi uniquement. Les frais de transport aérien sont fonction du poids et de la destination et s'appliquent aux commandes de Natren inférieures à 200 \$ minimum.
- Pendant les mois d'hiver, nous disposons d'un service de courrier chauffé. Ce service est destiné aux produits sensibles au froid qui gèlent pendant les mois d'hiver. Contactez le service clientèle d'Ecotrend pour obtenir des explications sur les exigences et la disponibilité de ce service.

VEUILLEZ NOTER QUE

- Les jours de livraison sont basés sur les jours ouvrables, du lundi au vendredi, et toutes les commandes Natren du lundi au mercredi.
- Les délais de livraison sont basés sur les moyennes du secteur fournies par les compagnies de transport et il peut donc falloir environ 5 jours ouvrables pour que les commandes soient expédiées en Ontario, moins pour l'Ouest du Canada.
- Les délais de livraison peuvent être plus longs en raison des jours fériés, du mauvais temps ou des salons professionnels.

- Veuillez prévoir un délai de 2 à 3 jours ouvrables pour le traitement de TOUTES les commandes.
- Un jour est défini comme 24 heures.

COMMANDES EN ATTENTE

- En raison des réactions des clients, nous ne proposons plus de commandes en attente.
- Les articles en rupture de stock sont indiqués sur la facture mais ne sont pas inclus dans le total de la facture (tout produit encore requis par le client doit être commandé à nouveau).

COMMANDES SPÉCIALES

- Les commandes spéciales sont marquées sur la feuille de prix comme "SP" et nécessitent le paiement intégral au moment de la commande. Les délais de livraison des commandes spéciales varient.
- Toutes les ventes sont finales. Il n'y a pas de retour, de remboursement, d'échange ou de remise supplémentaire.
- Toutes les commandes Natren d'un montant minimum de 200 dollars seront expédiées par fret aérien de nuit du lundi au mercredi.
- Veuillez nous demander des paniers cadeaux et/ou des échantillons pour les événements spéciaux.

POLITIQUE DE RETOUR DES PRODUITS

- Tout est fait pour que votre commande arrive en parfait état.
- Nous demandons que tous les produits soient inspectés à l'arrivée et que tout dommage et/ou erreur soit signalé au siège social d'Ecotrend dans les 24 heures suivant la réception de la commande.
- Il faut remplir un formulaire de demande de crédit Ecotrend pour les consommateurs ou les personnes ayant subi des dommages et le renvoyer au siège social d'Ecotrend pour autorisation avant que les produits ne soient acceptés pour un retour et/ou un crédit.
- Si vous comptez utiliser votre propre formulaire de déclaration, nous avons besoin des informations suivantes : Nom et numéro du compte, nom de la personne à contacter, téléphone, numéro d'article, description de l'article, quantité, numéro de facture, motif de la déclaration, numéro de lot et date d'expiration.
- Veuillez noter que: Notre délai de traitement standard pour une demande de crédit est de 2 semaines à compter de la date de réception. Les notes de crédit sont valables pendant six (6) mois à compter de la date d'émission.
- Nous vous demandons de ne pas déduire de votre paiement le montant des Co-Ops et des réclamations sur les produits avant de recevoir votre (vos) note(s) de crédit.

- Les produits peuvent être retournés dans un délai de 45 jours civils à compter de la date d'achat initiale. Voir ci-dessous les conditions de retour supplémentaires pour les produits dont la date de péremption ou de péremption est proche.
- Si les factures sont payées par carte de crédit : tous les montants des notes de crédit sont recredités sur la carte de crédit figurant au dossier.
- Les étiquettes d'appel (pick-up) pour tous les produits qui nécessitent une réfrigération (comme les produits Natren) doivent être organisées par Ecotrend. Les clients sont responsables de l'emballage correct des produits réfrigérés en ajoutant des packs de glace afin de protéger la qualité du produit retourné.
- Sauf indication contraire, les clients sont responsables du fret pour tous les retours.

Les gestionnaires de comptes ne sont pas en mesure de prendre et d'approuver les déclarations.

RETOURS DE PRODUITS ENDOMMAGÉS

Nos partenaires commerciaux en matière de fret exigent qu'une photo des produits endommagés soit fournie pour toutes les demandes d'indemnisation.

RETOURS DES CONSOMMATEURS

Tous les retours des consommateurs doivent être approuvés par le siège social d'Ecotrend avant d'être traités. Les réclamations peuvent être rejetées si les informations fournies sont insuffisantes.

RENOI DE L'ÉTIQUETTE D'APPEL

- Les produits retournés doivent être dans un état permettant la revente : pas de dommages, pas d'étiquettes de prix, pas de résidus de colle, pas de timbres ou de dégradations de quelque nature que ce soit.
- Les produits d'épicerie ne doivent pas avoir moins de trois (3) mois à compter de leur date de péremption. Les suppléments (PSN) expirant dans les six (6) mois, les produits périmés ou discontinués ne seront pas acceptés.
