ORGANIC ACEROLA NON-CORN VITAMIN C WHOLE FOOD SOURCE BRASILIAN ORIGIN

MOST NATURAL AND HIGHLY ABSORBABLE FORM OF VITAMIN C, ABUNDANT IN BENEFICIAL MICRONUTRIENTS, CORN-FREE AND NON-GMO.

Acerola is an exotic fruit resembling cherries found in the tropical areas of the Americas and the Caribbean region. Apart from its vitamin C content, acerola also abounds with a broad range of anthocyanins, which are powerful free radical scavengers. Vitamin C helps in the development and maintenance of bones, teeth, gums and cartilage, assists in connective tissue formation and the formation of collagen.

DID YOU KNOW?

Vitamin C is vital for the production and maintenance of collagen, the protein that makes up the connective tissues in our skin, ligaments, cartilage, and bones.

PROVITA - A STORY OF LOVE AND HEALING -

Our founder, Dr. Lucien Delcea, started Provita out of necessity. His wife was ill. And when drugs failed her, he began his search for an alternative. Before Provita launched in 2005, he sifted through countless hours of research; counseling with some of the top European naturopaths to produce more progressive support for the body's functions. Dr. Delcea came to understand the body's healing process; how it could naturally overcome disease. All it needed were triggers to properly recognize and absorb nutrients for self repair.

Provita is not just a natural health line - it's an understanding of the body's own mechanisms. Dr. Delcea's now healthy wife is testament to that.
