

Heart Health

Nattokinase

2000 FU

A cardiovascular health must-have, delayed release for maximized absorption.

Blood clots can occur inside a vein or artery. Clots can quickly become life-threatening when they travel to different parts of the body (such as heart, lungs, brain) when the body cannot dissolve them fast enough.

Nattokinase (NK) is a potent blood-clot dissolving protein produced by the bacterium *Bacillus subtilis* during the fermentation of soybeans to produce Natto. Extensively used in Japan, Korea and China to treat cardiovascular disease, it has been recently recognized by Western medicine for its potent fibrinolytic (anti-clotting / anti-thrombotic) capacity.

Heart Health Products

Cardiovascular disease is one of the main causes of death in North America and worldwide. It is believed that the main reasons are diet, toxins and a stressful life.

Provita's continuously evolving Heart Health series, curated from the highest quality sources, is specially formulated to maintain or improve the health of the heart and of the cardiovascular system.

Retail Series

Vegan

Nattokinase

2000 FU

A cardiovascular health must-have,
delayed release for maximized absorption.

Features

- 100% vegan non-GMO formula
- Maximum daily dose per capsule - 100mg
- Delayed release capsule for maximum absorption
- No side effect (unlike the common Aspirin / ASA)
- Extensively used in Japan, to treat cardiovascular disease

Benefits

- Inhibition of platelet aggregation and formation of clots
- May dissolve formed thrombi and also prevent their formation
- Excellent for maintaining cardiovascular health

Medicinal Ingredients Each DR vegan capsule contains:

Nattokinase (2000 FU *)100 mg
*FU = Fibrinolytic Units

Non-Medicinal Ingredients

Microcrystalline cellulose, ascorbyl palmitate.
Capsule shell: hypromellose (plant gelatin), gellan gum.

Does not contain: GMO ingredients, dairy, egg, gluten, soy, wheat, corn, yeast, nuts, artificial sweeteners, colors, preservatives or flavors.

Recommended Dose

Adults take 1 capsule per day
(preferably on an empty stomach).

Cautions

Consult a health care practitioner if you have a cardiovascular, kidney, or liver disorder, or if you are taking any medications. Stop using this product 7 days before any scheduled surgery, or immediately if you have unscheduled surgery or if you suffer from an injury resulting in bruising or bleeding. This product is derived from soy. Do not use if you have soy allergy. Do not use if you are pregnant or breastfeeding, if you are taking health products that affect blood coagulation, or if you have a bleeding disorder.

Do not use if seal is broken.
Keep out of reach of children.
Keep sealed, store in a cool, dry place at 15-25°C.
