## Nordic Omega-3 Gummies

- No artificial flavorings, colorings, or preservatives
- Gluten, yeast, and milk derivative FREE
- Easy to chew

As with all Nordic Naturals products, Nordic Omega-3 Gummies are in the natural triglyceride form for optimal absorption. Our patented “nitrogen processing” ensures that Nordic Omega-3 Gummies are absolutely pure and fresh. Fresh fish oils are better for the body, and do not create negative side effects such as repeat or burp-back.

Pure and fresh fish oil supplements have a high safety profile and few, if any, side effects. Physicians should be advised of individuals taking more than three grams of combined EPA+DHA daily, or if they are taking certain medications.

Nordic Naturals fish oils surpass all national and international pharmaceutical standards for freshness. Every batch of Nordic Naturals fish oils is third-party tested to guarantee exceptional freshness and purity levels, and is free from heavy metals and environmental toxins.\*

\* no detected levels of heavy metals at 0.1 ppm; total PCBs at 0.09 ppm
