# DAVINCI POTEN-C®

• **A dietary supplement to support immune system function and collagen health.**

• **DaVinci Poten-C®:**

- Helps the body metabolize carbohydrates, fats, and protein
- Helps in the development and maintenance of bones, cartilage, teeth, and gums
- Helps in wound healing
- Helps maintain proper muscle function
- Supports healthy skin

• **DaVinci Poten-C®** contains Vitamin C in a buffered Ascorbate form. Ascorbate is a Vitamin C molecule with a mineral ion. All Vitamin C must link up with a mineral before it can be absorbed into the blood stream. By supplying minerals along with Vitamin C, **DaVinci Poten-C®** supports the immediate assimilation of Vitamin C in the body. Because **DaVinci Poten-C®** is in the Ascorbate form and the presence of minerals help to act as natural buffers, it helps prevent stomach irritation that is common in non-buffered formulas.

• Vitamin C or Ascorbic Acid belongs to a class of vitamins which are termed water-soluble nutrients. It is not stored in the body and should be replenished throughout the day and evening for optimal health. As a water soluble vitamin, the body is able to excrete any unneeded levels of Vitamin C, which allows for flexible dosing.

• **DaVinci Poten-C®** contains Bioflavonoids, which increase the effectiveness of Vitamin C. Calcium, Magnesium, Zinc, Manganese and Potassium are included in the **DaVinci Poten-C®** formulations. The diuretic effect accompanying higher intake of Vitamin C often depletes the body's store of vital minerals. **DaVinci Poten-C®** provides a bioavailable source of minerals.

## Medicinal Ingredients

### Each tablet contains:

Vitamin C (ascorbic acid, calcium ascorbate, magnesium ascorbate)	1000 mg
Calcium (calcium carbonate, calcium ascorbate)	90 mg
Magnesium (magnesium ascorbate)	40 mg
Zinc (zinc ascorbate)	2.5 mg
