## +PROBIOTICS

Digestive enzymes with probiotics

#1 SELLING ENZYME BRAND IN USA

Digest Gold +Probiotics is an excellent choice for individuals seeking a high-potency enzyme formula with probiotics

Many people choose to supplement their diet with a high-potency enzyme formula to relieve occasional digestive discomfort. A powerful enzyme product may be helpful for individuals with digestive complaints.

production and may promote favorable gut flora. **Digest Gold +Probiotics** provides the convenience of high-potency digestive enzymes combined with guaranteed delivery of active probiotic cultures.

Enzymes are key players in the digestive process. They help to maximize nutrient extraction and turn consumed food into energy. Enzyme deficiencies may result from a combination of age, diet and lifestyle.

For example, natural aging depletes the amount of enzymes available for use in the body. And when foods are cooked or processed, the enzymes contained within the food are destroyed, requiring the body to use its own enzymes to break down foods. These deficiencies can lead to a variety of digestive discomforts, including occasional gas, bloating, indigestion and irregularity. Supplementing with enzyme products like **Digest Gold™ +Probiotics** can aid in the digestive process.

**Digest Gold +Probiotics** also contains **Thera-blend™** enzymes. **Thera-blend** is an exclusive process that combines multiple strains of enzymes that work in various pH levels. **Thera-blend** enzymes have been shown to be three times stronger and work more than six times faster than leading digestive supplements. For more information, visit [www.enzymedica.com](http://www.enzymedica.com).

Probiotics supplement the beneficial flora that reside in the digestive tract. These organisms support regularity, aid the immune system, produce essential vitamins like B and K, and fuel digestion through their production of enzymes such as lactase, protease and amylase. The enzymes made by these microflora work synergistically with the body's own inherent enzymes to support optimal well-being and digestive health.

**Recommended Use:** Take 1 capsules three times daily with meals. Take at least 2-3 hours before or after taking antibiotics.

Fortifying the digestive system with enzymes and probiotics may promote optimal digestion while maintaining the digestive system's natural balance to support overall digestive health.

**Digest Gold +Probiotics** is Enzymedica's most potent enzyme formula that breaks down carbohydrates, fats, fiber and protein while providing probiotics. Probiotics offer additional digestive support by boosting enzyme

Medicinal Ingredients (per capsule) Ingrédients médicinaux (par gélule)		
Amylase <i>Thera-blend™-CA</i> *1	23,000 FCC DU	230 mg
Protease <i>Thera-blend™-CA</i> *1	72,960 FCC HUT/ 2,684 FCC PC	100 mg
Lipase <i>Thera-blend™-CA</i> *2	3,500 FCC LU	24 mg
Cellulase <i>Thera-blend™-CA</i> *2	3,000 FCC CU	30 mg
Invertase*3	79 FCC INVU	1 mg
Lactase*4	900 FCC ALU	9 mg
Maltase*5	200 FCC DP*	5 mg
Glucoamylase*5	50 FCC AGU	50 mg
Alpha Galactosidase*5	450 FCC GalU	45 mg
Pectinase*5	45 Endo-PGU	1 mg
Xylanase*6	550 XU	4 mg
Hemicellulase*5	30 FCC HCU	1 mg
Beta Glucanase*6	25 FCC BGU	8 mg
Lactobacillus acidophilus DDS-1	241.9 million CFU	
Lactobacillus paracasei F-19	129 million CFU	
Lactobacillus plantarum SD5209	42.4 million CFU	
Lactobacillus gasseri SD5585	21.5 million CFU	
Lactobacillus casei SD5213	21.5 million CFU	
Lactobacillus rhamnosus 393	21.5 million CFU	
Lactobacillus salivarius 11742	21.5 million CFU	
Lactobacillus bulgaricus 11842	0.6 million CFU	

(\*1 Fungal, Bacterial source/Source fongique, bactérienne), (\*2 Fungal source/Source fongique), (\*3 Saccharomyces cerevisiae), (\*4 Aspergillus oryzae), (\*5 Aspergillus niger), (\*6 Trichoderma longibrachiatum)

**NON-MEDICINAL INGREDIENTS:** 100% Vegetarian Capsule (cellulose, water)  
**INGRÉDIENTS NON MÉDICINAUX:** Gélule végétarienne à 100 % (cellulose, eau)  
**CONTAINS NO** dairy, egg, preservatives, salt, sucrose, soy, wheat, yeast, nuts, corn, gluten, casein, potato, rice, artificial colours, flavours or fillers. **EXEMPT DE :** produits laitiers, oeufs, agents de conservation, sel, sucrose, soja, blé, levure, noix, maïs, gluten, caséine, pomme de terre, riz, saveurs et/ou couleurs artificielles, agents de remplissage.

Enzymedica does not use ingredients produced using biotechnology.

• Optimal digestive support • 1.5 billion active cultures per daily dose†
