Digest™

Digestive enzymes

#1 SELLING ENZYME BRAND IN USA

A high-potency enzyme blend to support digestion and help the body absorb nutrients

When gentle enzyme products aren't sufficient and high-potency enzyme products are not necessary, an enhanced enzyme supplement may be all that is needed to ease occasional digestive discomfort.

Enzymes are key players in the digestive process. They help to maximize nutrient extraction and turn consumed food into energy. Enzyme deficiencies can lead to a variety of digestive discomforts, including occasional gas, bloating, indigestion and irregularity.

These deficiencies may result from a combination of age, diet and lifestyle. For example, natural aging depletes the amount of enzymes available for use in the body. And when foods are cooked or processed, the enzymes contained within the food are destroyed, requiring the body to use its own enzymes to break down foods. Keeping up with the process of digestion can strain the body. Supplementing with enzyme products like **Digest™** can aid in the digestive process.

Digest contains twice the enzyme power of Enzymedica's **Digest Basic™**. For higher enzyme potency, **Digest Gold™** may be helpful.

Digest is an enhanced formula that breaks down carbohydrates, fats, fiber and protein. The broad range of enzymes included in **Digest** supports optimal digestion by helping the body absorb nutrients and convert food into energy. Digestive well-being improves concentration and increases vitality.

Digest contains amylase, lipase, cellulase and protease **Thera-blend™** enzymes, for breaking down carbohydrates, fats, fiber and protein, respectively. **Thera-blend** is an exclusive process that combines multiple strains of enzymes that work in various pH levels. **Thera-blend** enzymes have been shown to be three times stronger and work more than six times faster than leading digestive supplements. For more information, visit www.enzymedica.com

Recommended Use:
1 capsule at the beginning of every meal. For higher enzyme potency, Enzymedica's **Digest Gold™** may be helpful.

Medicinal Ingredients (per capsule) Ingrédients médicinaux (par gélule)

Amylase <i>Thera-blend™-CA</i> ¹	12,000 FCC DU	120 mg
Protease <i>Thera-blend™-CA</i> ¹	38,304 FCC HUT / 1,409 FCC BAU	53 mg
Lipase <i>Thera-blend™-CA</i> ²	1,500 FCC LU	9 mg
Cellulase <i>Thera-blend™-CA</i> ²	1,250 FCC CU	13 mg
Lactase ³	500 FCC ALU	5 mg
Alpha Galactosidase ⁴	125 FCC GalU	13 mg
Maltase ⁴	150 FCC DP	4 mg
Invertase ⁵	120 FCC SU	1 mg
Pectinase ⁴	35 Endo-PGU	1 mg
Xylanase ⁶	250 XU	2 mg
Hemicellulase ⁴	15 FCC HCU	0.05 mg
Glucosylase ⁴	25 FCC AGU	25 mg

(*1 Fungal, Bacterial source/Source fongique, bactérienne), (*2 Fungal source/Source fongique), (*3 *Aspergillus oryzae*), (*4 *Aspergillus niger*), (*5 *Saccharomyces cerevisiae*), (*6 *Trichoderma longibrachiatum*)

NON-MEDICINAL INGREDIENTS: 100% Vegetarian Capsule (cellulose, water).
INGRÉDIENTS NON MÉDICINAUX: Gélule végétarienne à 100% (cellulose, eau).

CONTAINS NO dairy, egg, preservatives, salt, sucrose, soy, wheat, yeast, nuts, corn, gluten, casein, potato, rice, artificial colours, flavours or fillers. **EXEMPT DE :** produits laitiers, oeufs, agents de conservation, sel, sucrose, soja, blé, levure, noix, maïs, gluten, caséine, pomme de terre, riz, saveurs et/ou couleurs artificielles, agents de remplissage.

Enzymedica does not use ingredients produced using biotechnology.

Enzymedica n'emploie pas d'ingrédients fabriqués au moyen de procédés biotechnologiques.

• Enhanced digestive support • Twice the enzyme power of Digest Basic™
