Facial Relax Serum

Helps relax expression lines to lessen the appearance of wrinkles.

TARGET MARKET:

Consumers that are looking for a facial serum that relaxes expression lines and wrinkles, while moisturizing the skin.

UP TO 60 DAY SUPPLY

Directions:

After cleansing in the morning or evening, lightly dampen your face and apply to the desired area. For greater support, use twice daily in conjunction with Pure Hyaluronic Acid or Coenzyme Q10 Serums. See our complete line of serums for other targeted concerns. For external use only. Keep out of reach of children.

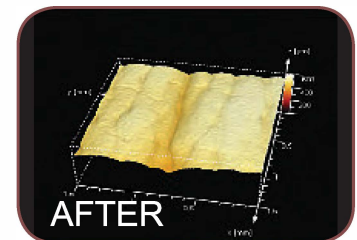

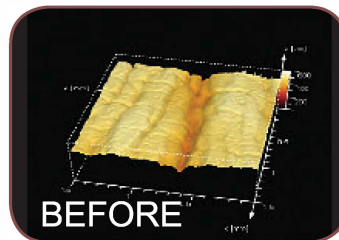

Ingredients:

Water, Acetyl Hexapeptide-8 (Argireline), Vegetable Glycerin, Sodium Hyaluronate (Hyaluronic Acid), Xanthan Gum, Aloe Barbadensis Leaf Juice, Glucose, Lactoperoxidase, Glucose Oxidase.

Hyalogic's Facial Relax Face Serum combines ultra-hydrating Hyaluronic Acid and skin smoothing Argireline® in a moisturizing formula that lessens the depth of expression lines and wrinkles in the forehead area and around the eyes and mouth.

Hyaluronic Acid (HA) is a vital and natural element of healthy, vibrant skin. It is necessary to retain the skin's moisture and to provide volume, form and lift.

Argireline® is a unique hexapeptide that has been shown to relax and smooth expression lines around the eyes, forehead and mouth as well as to lessen the appearance of wrinkles. *Typical results in 30 days.*
