Hi! I'm Teina

I'm excited to unveil my secret project that has been in the works for several years now. Lyness Beauty Products began through a series of kitchen experiments, fueled by a diploma course in organic hair care formulation. After 3 years of R&D, I soft-launched the products in the fall of 2020 and am overjoyed by the positive feedback I've received.

My focus has been on creating high-quality products, with clean ingredients, that work.

More than 552 million shampoo bottles end up in landfills or the oceans every year. More and more people are making the eco-friendly switch to shampoo bars but don't want to compromise on quality. Lyness Shampoo & Conditioner Bars contain quality ingredients and come in fun, reusable tin containers to protect the bars!
