# NaturPet Ligaments & Muscles

Soft tissue repair and pain relief

NaturPet Ligaments & Muscles penetrates deeply into the body to help speed healing of connective tissue damage. It helps control pain and reduce inflammation caused by chronic illness, traumatic injury, and rheumatic conditions. It also helps restore sleep patterns disturbed by pain.

## Active Ingredients

**Marshmallow Root** contains mucilage, a slippery substance that helps to protect and soothe irritated or inflamed mucous membranes. It also helps to heal the coating around bones to speed healing of broken bones.

**Valerian Root** is known as the calming herb; it helps to soothe and relax animals who are stressed and anxious because of pain. Valerian is especially beneficial for reducing pain associated with tense ligaments and muscles.

**Horsetail** is an excellent clotting agent so our new formula is safe post-surgery. It helps with calcium absorption and collagen formation; speeding the healing of bones, cartilage, and joints. It also speeds healing of surface wounds including burns.

**Kelp (Bladderwrack)** is known to reduce inflammation and pain in joints. It also contains trace minerals and nutrients that are vital to joint health.

**Devil's Claw** is an anti-inflammatory herb used to reduce pain and swelling.

**Ashwagandha** is an adaptogen that helps the body deal with the stress of pain and injury. Its alkaloids are sedative, decrease blood pressure, and reduce heart rate, helping to calm pets.

**ITEM 8831 NN F2G2**  
**100 mL Herbal Tincture**

For Dogs & Cats
