

THE PERFECT ADDITION TO YOUR WEIGHT LOSS PROGRAM

CONCENTRATED 10:1 EXTRACT OF GARCINIA CAMBOGIA FRUIT RIND CONTAINING HYDROXYCITRIC ACID (HCA) - USED TRADITIONALLY AS AN APPETITE SUPPRESSANT.

Studies show that HCA can increase fat burning while cutting appetite. It can block the enzyme citrate lyase, which is used by the body to make fat. Recent studies suggest that HCA can also raise brain serotonin levels, which in turn can “trick” the brain into making us feel less hungry.

MEDICINAL INGREDIENTS. Each capsule contains:

Garcinia cambogia Desr. DHE 5,000 mg
* 500 mg of 10:1 fruit rind powder extract
* Providing 60% hydroxycitric acid (HCA)

Garcinia cambogia may cause a decrease in blood sugar levels. People who have diabetes should discuss this with their doctor before taking the supplement.

PROVITA - A STORY OF LOVE AND HEALING -

Our founder, Dr. Lucian Delcea, started Provita out of necessity. His wife was ill. And when drugs failed her, he began his search for an alternative. Before Provita launched in 2005, he sifted through countless hours of research; counseling with some of the top European naturopaths to produce more progressive support for the body's functions. Dr. Delcea came to understand the body's healing process; how it could naturally overcome disease. All it needed were triggers to properly recognize and absorb nutrients for self repair. Provita is not just a natural health line - it's an understanding of the body's own mechanisms. Dr. Delcea's now healthy wife is testament to that.
