

FOR RELAXATION & SLEEP ENHANCES FOCUS AND “MENTAL FLOW”

SYNERGISTIC GABA PRO COMBINES GABA WITH THE NEUROTRANSMITTER GLUTAMIC ACID AND P-5-P (THE NATURAL AND BIOLOGICALLY ACTIVE FORM OF VITAMIN B6) FOR ENHANCED CALM AND RELAXATION.

GABA functions as a “brake” on our neural circuits during stress, relaxes the muscles, slows the heart rate and breathing, and reduces anxiety, tension, and insomnia. Low levels and decreased GABA function in the brain are associated with anxiety, depression, insomnia, and epilepsy.

DID YOU KNOW?

GABA is also said to increase the level of alpha waves in the brain which can put you in a state of enhanced focus and “mental flow”.

PROVITA - A STORY OF LOVE AND HEALING -

Our founder, Dr. Lucian Delcea, started Provita out of necessity. His wife was ill. And when drugs failed her, he began his search for an alternative. Before Provita launched in 2005, he sifted through countless hours of research; counseling with some of the top European naturopaths to produce more progressive support for the body's functions. Dr. Delcea came to understand the body's healing process; how it could naturally overcome disease. All it needed were triggers to properly recognize and absorb nutrients for self repair.

Provita is not just a natural health line - it's an understanding of the body's own mechanisms. Dr. Delcea's now healthy wife is testament to that.
