CAUTIONS:

Sealed for your protection.

Keep sealed, store in a cool, dry place at 15–25°C.

Keep out of reach of children.

DID YOU KNOW?

Vitamin C is vital for the production and maintenance of collagen, the protein that makes up the connective tissues in our skin, ligaments, cartilage, and bones.

PROVITA - A STORY OF LOVE AND HEALING -

Our founder, Dr. Lucien Delcea, started Provita out of necessity. His wife was ill. And when drugs failed her, he began his search for an alternative. Before Provita launched in 2005, he sifted through countless hours of research; counseling with some of the top European naturopaths to produce more progressive support for the body's functions. Dr. Delcea came to understand the body's healing process; how it could naturally overcome disease. All it needed were triggers to properly recognize and absorb nutrients for self repair.

Provita is not just a natural health line - it's an understanding of the body's own mechanisms. Dr. Delcea's now healthy wife is testament to that.
