UPC 628504688304 Qty 62 tablets

KEY FEATURES:

- New pouches feature an innovative special seal and added protective lining to keep freshness in and moisture out.
- Not granular; dissolve instantly
- Compact; easy to transport
- Formulated with nHAp, a natural and non-toxic alternative to fluoride
- 100% compostable packaging made from corn starch (PLA)
- Eco-friendly alternative to reduce the waste of standard plastic mouthwash bottles

100%
natural

alternative to
fluoride

vegan

KEY INGREDIENTS:

Nano-hydroxapatite (nHAp) (10%): helps remineralize and strengthen tooth enamel, fights cavities and tooth sensitivity, and helps restore natural whiteness and smoothness

Xylitol (35%): natural sweetener from birch bark; helps treat dry mouth and prevent cavities by increasing saliva production

Aloe vera: powerful anti-inflammatory and antibacterial properties; helps fight plaque and gingivitis

Zinc citrate: freshens breath by helping neutralize odour-causing bacteria without harming good bacteria

Natural mint extracts: provide a minty-fresh feeling and a cooling sensation

DIRECTIONS:

- Break apart tablet with teeth.
- Take a sip of water.
- Swish around mouth for 30 seconds and spit out.
